Prefix Guide Sheet

A prefix is a word part that has its own definition. It can be attached to the front of a base or root word to create a new meaning for the base or root word.

Prefix	Meaning	Example
re	again	rebuild: to build again
pre	before	preheat: to heat before
in	in	infield: in the field
in	not	invisible: not visible
un	not	unfriendly: not friendly
dis	not, the opposite of	dishonest: not honest
mis	wrongly	mislead: to lead wrongly
non	not	nonfiction: not fiction
inter	between	interstate: between states
extra	beyond, more than	extraordinary: beyond ordinary
post	after	postgraduate: after graduation
super	over, beyond	superpower: power beyond normal
sub	below, under	subfreezing: below freezing
