

# FACTOR FIND

## A Color-the-Path Activity

**FACTOR FIND 8** Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Directions: Help airplane find its way to the runway! If the number is a factor of 60, color the spot orange. If the number is not a factor of 60, color the spot yellow. When you are finished, the plane will have an orange path to the runway.

**FACTOR FIND 9** Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Directions: Help honeybee find its way to the hive! If the number is a factor of 18, color the spot purple. If the number is not a factor of 18, color the spot blue. When you are finished, the honeybee will have a purple path leading to the hive.

**FACTOR FIND 10** Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Directions: Help superhero find his way to his shield! If the number is a factor of 120, color the spot red. If the number is not a factor of 120, color the spot blue. When you are finished, the superhero will have a red path to his shield.

**FACTOR FIND 5** Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Directions: Help walrus find his way back to the seal! If the number is a factor of 72, color the spot blue. If the number is not a factor of 72, color the spot orange. When you are finished, the walrus will have a blue path leading him back to the sea.

**FACTOR FIND 4** Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Directions: Help bear find his way back to the forest! If the number is a factor of 24, color the spot blue. If the number is not a factor of 24, color the spot orange. When you are finished, the bear will have blue path leading him back to the forest.

**FACTOR FIND 2** Name: \_\_\_\_\_ Date: \_\_\_\_\_  
Directions: Help Jake find his way to the delicious cupcake! If the number is a factor of 80, color the spot green. If the number is not a factor of 80, color the spot yellow. When you are finished, Jake will have a green path leading the way to the cupcake!

Two markers are shown at the bottom: a blue marker labeled "Marker" and an orange marker labeled "Marker".
