How to Use Foldables

Once you use foldables in your classroom, you won't know what you ever did without them! Students love these interactive graphic organizers, and they are so multi-purposeful, that teachers find them invaluable.

It is fairly simple: Choose the template you wish to use and make copies for your students.

Have them CUT on the solid lines and FOLD on the dotted lines. Fill in with appropriate information and color, if desired.

There are hundreds of ways to use foldables. Here are just a few things you can explore:

- Note-taking
- Cause and effect
- Social studies/science reports
- Phonics rules with words
- Main idea with text details
- Opposites
- Number forms
- Geometry classification
- Before and after
- Sequence and Processes
- Life cycles
- Vocabulary definitions
- Math processes
- Math fact practice
- Literary elements (character, setting, conflict, etc.)
- Book reports
- Word sorts
