Party Planning time

The image displays a collection of seven St. Patrick's Day-themed math worksheets. The worksheets include: 'LUCK O' THE IRISH' with a drawing of a harp; 'St. Patty's Day Word Search' with a grid of letters and a list of words; 'Equivalent Fractions Luck' with shamrock illustrations and fraction problems; 'PRIME PATTY' with a grid of numbers and shamrock drawings; 'A POT O' GOLD MATH' with drawings of pots and gold coins; 'LUCKY CHARMS MATH' with a table for recording math problems and solutions; and 'Party Planning time' with a list of party items and prices. A large green shamrock graphic is overlaid on the bottom right of the worksheets.

Type	Amount	Fraction	Decimal	Percent
EXAMPLE: (From a bag with 42 pieces)	13	$\frac{13}{42}$	0.309	30.9
HEARTS				
STARS				
HORSESHOES				
CLOVERS				
MOONS				
RAINBOWS				
BALLOONS				
HOURGLASS				
NON-MARSHMALLOW PIECES				

Party Planning time

Directions: It's time to plan a St. Patrick's Day party! Write the total amount for each combination of treats.

Lucky Shake \$3.25, Cupcake \$0.95, Green Milk \$2.55

- 2 lucky shakes and 1 cupcake
- 3 lucky shakes, 3 cupcakes, and 1 green milk
- 1 deluxe platter and 6 green milks
- 5 deluxe platters and 20 lucky shakes
- 12 cupcakes and 12 green milks
- One of each item
- 2 of each item
- 10 of the least expensive item
- 5 of the most expensive item
- 4 lucky shakes, 8 cupcakes, and 1 green milk
- If you bought 3 of each item, what would your change be from \$100.00?
